

Wembley and G.P. to Clash Here Friday

The hockey season will be set in motion at Grande Prairie at the Wapiti rink on Friday night, December 16, when the fast-stepping Wembley aggregation will lock horns with Harold Oxley's respectable Beaver Lodge boys in a league game, and that took a bit of doirh for the Beaver Lodge boys are a strong aggregation. As this will be the official opening of the hockey season in Grande Prairie, it will be observed with all due ceremony. The town band, under the leadership of Bert Churchill, has been engaged for the occasion.

The Tribune has been informed that Wembley is coming with a well-organized bunch of rosters. The game is billed for 8:30 o'clock. Keen interest is being taken in the battle by local fans and a capacity house is expected.

Keen Interest In East Taken In The Peace River Area

Says C. C. Fawcett, Manager Of The Grande Prairie Branch Of The Imperial Bank, Who Recently Returned From Toronto, He Attended The Annual Meeting Of The Bank-Monkman Pass Project Attractive Much Attention Was Proud Of Winnings Of The Wembley Exhibitors.

That keen interest is taken by people of the East in the Peace River country was a statement made by the Tribune reporter by C. C. Fawcett, manager of the Grande Prairie branch of the Imperial Bank, who recently returned from Toronto, where he attended the annual meeting of the Imperial Bank.

"The Monkman Pass," observed Mr. Fawcett, "has received much publicity in the East and I was called upon to answer many questions. Fortunately, I took with me considerable literature on the project, which made my task of answering questions comparatively easy. I also had with me statistics showing the shipment of grain and live stock from this country, which proved quite interesting to those desiring information."

Continuing, Mr. Fawcett said: "I had the pleasure of attending the Toronto Royal Show and seeing the splendid exhibits of the Wembley boys, and I felt proud of the fact that so many prizes were captured by this group of energetic young men."

Asked by the reporter how business was in the East, Mr. Fawcett replied that business seemed to be quite normal. This he gleaned from the various merchants with whom he spoke.

The weather in the East was quite cold, a raw wind sweeping the country, observed Mr. Fawcett, who went on to say that there was very little snow on the prairies, other than there is more snow at Grande Prairie than at any place he had seen on his trip.

"It seems good to be back," remarked Mr. Fawcett at the close of the interview.

G. P. Go Down To Defeat Before Beaver Lodge 4-2

Grande Prairie hockey team went down to defeat by a score of 4 to 2 in a league game played at Beaver Lodge on the latter's ice last Tuesday night.

The first period was a bit slow, both teams playing cautiously, and neither one bulged the hemp.

In the second period the Beaver team put plenty of pep into the game and the fans were kept on their toes throughout.

In the final stanza Grande Prairie lost several opportunities to score when they failed to finish off the Beaver Lodge scorers 2 and 2 and the visitors 1.

The attendance was one of the largest seen at a hockey game for several years.

Cunningham of Beaver Lodge, assisted by Bob McDonald, was a very satisfactory referee.

'Silent' Bill Biddle To Speak Here On 'Does Crime Pay?'

"Silent Bill" Biddle, who spent 18 years in Sing Sing prison, New York, will speak at the Capitol Theatre on Sunday afternoon, December 18. Doors open at 2:30, lecture to commence at 3. Subject, "Does Crime Pay?"

Mr. Biddle's object in his lectures is to try and eliminate as far as possible juvenile crime, which statistics show can be traced to the home environment and the over-indulgence on the part of the parents.

Mr. Biddle is speaking under the auspices of the Prisoners' Aid and Welfare Association and this is his fourth coast-to-coast speaking tour.

Mr. Biddle recently spoke twice at Edmonton in aid of the Sunshine Fund.

B. L. JUNIORS DEFEAT WEMBLEY
Before a good-sized crowd of fans Beaver Lodge Juniors defeated Wembley Juniors on the Wembley ice on Wednesday night.

The game was fast throughout, each side employing some very fine passing.

Town Granted \$50,000; No Deductions

The town of Grande Prairie, through its solicitor, J. H. Silson, in a letter which arrived on Sunday's air mail, was informed by the federal Department of Finance that an application of Grande Prairie for a loan of \$50,000, two per cent money, under the Municipal Improvement Assistance Act, had been granted without deductions.

Some question had arisen as to whether or not an expenditure already made by the town on the water and sewer project, for which the loan was applied for, would have to be deducted from the amount of the loan.

However, the town's solicitor was able to satisfy the department that the town had acted bona fide in proceeding with the work before securing the final approval of the application to the government.

Block Exhibitors Win Major Prizes At Vancouver

George Hiffmann Captures First In Wheat-T. S. Crack, District Agriculturalist In The Block, Who Was A Passenger On Friday's Train From The Coast, Pleased At The Show, Made By The Block Exhibitors.

That the exhibitors of the Block carried away the major prizes at the British Columbia Seed Fair, held at Vancouver, was a statement made by The Tribune reporter by T. S. Crack, District Agriculturalist in the Block, who was a passenger on Friday's train, en route home from Victoria and Vancouver.

Mr. Crack, who assisted at the Fair, was naturally pleased over the prizes won by exhibitors in the Block. Here are a few of the awards won by the men in the Block:

Victor H. Haffmann won first in spring wheat.

Alex Campbell captured first in Vicia.

J. Hines shoveling of fall rye was placed in first position.

Watson Brothers were first in early oats.

Jack Abbott's exhibit of alfalfa was placed second.

Discussing the Seed Fair further, Mr. Crack observed that the Provincial Fair is getting better each year and the one held recently was the best yet.

District And Prov. Seed Fairs Dates

The District Seed Fair for the Edmonton and Peace River area will be held in Edmonton, January 12 and 13. The Provincial Seed Fair at Calgary, January 16 and 17. Prize lists and entry forms are now printed and may be obtained from the Field Crops Branch at least five days before the opening date of the Fair. Exhibits for the Edmonton Fair must be received at the Field Crops Branch not later than January 10.

VALUABLE PRIZES TO BE GIVEN BY UTILITIES FOR BEST DECORATED HOMES

The public are asked to keep in mind that the Canadian Utilities will again give valuable prizes for the best electrically decorated homes in Grande Prairie, points to be given for both outside and inside decorations.

Those entering the contest must give their names to the Canadian Utilities office not later than Tuesday, December 20.

MORE MINERS DIE FOLLOWING FATAL MINE DISASTER

The death toll resulting from the mining disaster in Sydney Mines continued to rise as victims of the fatality failed to survive the injuries suffered when runaway cars plunged down the shaft of the Princess Mine. So far twenty-one miners are listed as having been killed in the disaster and there are still some in hospital who may not survive. Picture on the left shows anxious fellow miners waiting for news of the victims. At the top, right, rescue workers wait for one of the victims to be brought to a waiting ambulance. While at the bottom, right, parents and children wait for the bodies of the dead and injured to be brought to the surface.

GRANDE PRAIRIE FISH AND GAME ASSOCIATION TO MEET WEDNESDAY NIGHT

A meeting of the Grande Prairie Fish and Game Association will be held in the council chamber of the Grande Prairie town hall on Wednesday night, December 21, commencing at 8:00.

Information received from the central office at Edmonton will be discussed.

All those interested are invited to attend this important meeting.

Nominate Three Candidates In Subdivision 5

At a well-attended meeting of delegates of Subdivision 5 of Grande Prairie School Division No. 15, held at Halcourt on December 3, three nominations were received for the office of Division Trustee to fill the vacancy arising from the expiration of the term of office of Mr. J. O'Brien, who has been the trustee of the subdivision for the past year. The persons nominated were: F. P. Brewer, Elmworth; R. F. Koebel, Hazelton; Arthur H. Funnell, Halcourt.

A poll will be held in the subdivision on January 10.

Women's Institute Elects Officers For Year 1939

Mrs. Wm. Sharpe was re-elected president of the Grande Prairie Women's Institute at the annual meeting held at the home of Mrs. L. O'Brien, December 10. Other officers elected were: Mrs. A. Wishart, first vice-president; Mrs. E. Spicer, second vice-president; Mrs. L. Kovensky, secretary (re-elected); Mrs. C. Stredulinsky, treasurer (re-elected).

Directors: Mrs. D. W. Patterson, Mrs. A. Wilson, Mrs. O. B. Harris, Mrs. J. Mitchell, Mrs. J. O'Brien, Mrs. C. Bell, Child Welfare, Mrs. A. Wishart; Canadianization, Mrs. I. Spicer; Home Economics, Mrs. D. W. Patterson; Home Economics, Mrs. O. B. Harris; League of Nations, Mrs. Mitchell; Legislation, Mrs. C. E. Fisher; Welfare, Mrs. L. J. O'Brien; Publicity, Mrs. J. H. Charles; Auditors, Mrs. I. Card and Mrs. A. Hillman.

Annual reports were read which showed a year of splendid achievement, including the maintenance of the waiting home, child welfare clinic, drive for cancer fund, clothing distributed, donations made to the cause of education, etc. Pictorial papers were read at each meeting. The treasury is in good shape.

The health committee reported that they had approached the larger school unit with the proposal that a health nurse be appointed to make regular inspections of all schools in the district. The suggestion will be given every consideration and the matter dealt with when funds are available.

Mrs. A. Patterson reported on the very successful drive for the W. I. fund which resulted in the splendid sum of \$231 being realized.

The executive will act as a program committee to prepare a program for next year.

Community Auction Sale Of Horses To Be Held At Grande Prairie Some Time In March

Sale To Be Held Under Auspices Of Agricultural Society—Decision Was Made At Well-Attended Meeting Held At Grande Prairie Last Saturday—Sales Committee And A Committee Representing The Various Districts Elected.

At a well-attended meeting Saturday afternoon in the council chamber of Grande Prairie town hall, held under the auspices of Grande Prairie Agricultural Society, it was decided to hold a community auction sale of horses some time in March.

George Balmer, president of the Agricultural Society, was in the chair and explained the purpose of the meeting. He then called upon W. J. Silson, who moved that a committee be elected to select the horses which had been received from districts which each year stage horse auctions.

Mr. Thompson explained that horses under the rules governing such sales are sold under a guarantee. If the horse was tried out and it did not measure up the buyer could return the animal.

After the general discussion the vote was taken. W. J. Silson, seconded by Fred Cooke, moved that a community auction be held some time in March next. The motion was unanimously carried.

Having decided to hold the sale, the following sales management committee was elected: A. White, representing Spirit River; Marley Sherck, Beaver Lodge; Ed. Grant, Teepee Creek; Harlie Conrad, Sexsmith; Joe. Edmonds, Buffalo Lake; J. M. Southward, Clairmont; Bert Sales, Rycroft; Steve Robinson; LaGlace; Bert Luby, Luby; F. T. Brewer, Elmworth; Hugh Thompson, Albright; Rowe Thompson, Beazanson, and Tom Jamieson, the Block.

The date of the sale will be set later. It will be necessary for those interested to be present at the meeting.

Wembley Defeats Beaver Lodge In League Game

WEMBLEY, Dec. 12.—In the first hockey league game of the season played here, the home team last Friday night nosed out Beaver Lodge 4 to 3 in three 20-minute periods.

Wembley rushed from the start in the first period and succeeded in scoring three goals while Beaver Lodge failed to count. It looked as if Wembley would run away with the game. Herby Robertson, Davies and J. Minnie counted for the goals.

Following the rest the visitors were a different team. They put on the pressure and scored in harmony with their efforts netted them two goals, while Wembley failed to bulge the netting.

Almost from the start of the final stanza, Beaver Lodge scored for Beaver Lodge to tie the score. About half way through the period Jack Hines failed for Wembley, and he possibly pulled out the tie for Wembley defense proved too strong and the home team was content with taking the short end.

The game was fast throughout and was played before a large crowd that has attended a hockey game here, which augurs well for hockey in Wembley this season.

Beaver Lodge—Goal, Yeoman; defense, Nixon and Nasadkin; forwards, Dunn, Oxeat, Summer, McDonald, Hume, Bond and Murray.

Wembley—Goal, Gitzel; defense, M. Hopkins and C. Hopkins; forwards, J. Minchin, H. Minchin, McKenzie, H. Robertson, L. Robertson and Pitchko.

Teachers' Meeting Held on Saturday Is Interesting

A meeting of the teachers of the district was held on Saturday afternoon, December 3, in the High School at Grande Prairie.

A series of tests in number work was distributed and the teachers were requested to apply these tests to pupils of grade four and upward.

Where the tests were applied, it was close just how the schools in this area compare with the standard scores.

Under the direction of W. T. Mel, Fowler the teachers themselves were subjected to some standardized tests in English. This proved educative as well as entertaining.

The topic of testing is to be continued as the subject of discussion for further meetings.

Teachers are asked to note that the secretary takes a roll call of all members. Arrange to be in Grande Prairie on the first Saturday of every month and attend these meetings, which start promptly at 2:30 p.m.

"Let's get acquainted."

Day Of Heavy-Draught Horses In Canada Is Over

Says Ab White, Well-Known Clydesdale Breeder Of Spirit River, Who Recently Returned From Montreal Where He Shipped Carload Of Horses—Found Market Dragg—Branched Horses Not Wanted.

Ab White, well-known Clydesdale breeder of Spirit River, who recently shipped a carload of his horses to Montreal, was a business visitor to Grande Prairie on Saturday.

In conversation with The Tribune reporter, Mr. White stated that the day of the heavy draught horse is over. He further stated that the demand is for horses weighing from 1300 to 1500 pounds.

Mr. White further stated that it is expensive to ship horses to Montreal. Including freight and feed, the cost is about \$40 a head.

Mr. White pointed out that the public in this country is dull and as a result those industries are not buying many horses. This especially affects the prices for extra heavy horses.

Horses carrying brands are taboo, said White, who went on to explain that the people in the East want well-bred, quiet horses, and they associate the brand with wild, ungovernable animals.

"The country is tight at the present time, but it is also a scarce commodity in the East," remarked Mr. White.

Presentation Of White Gifts At St Paul's

At St. Paul's United Church, Grande Prairie, on Sunday morning, December 18, the scholars of the Sunday school will present their White Gifts. These will consist of toys, books, etc., which will later be distributed to other children in outlying districts so that they too may not be forgotten at Christmas.

In the evening an illustrated lantern lecture will be given on mission-ary work. The lecture is dull and colored slides will be shown. A welcome is extended to all.

SEXSMITH AND CLAIRMONT HOCKEY TEAMS AMALGAMATE

A meeting of the Sexsmith and Clairmont Hockey Clubs was held at the Curling Club rooms on Tuesday night last, with about 35 in attendance. The purpose of the meeting was to discuss ways and means for amalgamation of the two teams.

R. A. Trout of Clairmont was elected chairman; George Cameron, secretary-treasurer; Reg. Little, manager; Bill Lee, coach; Ken Olson, timekeeper; Pat Graham, scorekeeper; Vic Nelson, goal judge; R. A. Trout of Clairmont and Fred McNaughton of Sexsmith, referees.

The meeting was then opened for a discussion as to a name for the team. Suggestions such as Sexmont and Clairmont were mentioned, but finally it was decided to call the team the Rangers.

Charge for admission to league games was set at 25 cents for adults and for cup games, 35 cents.

HYTHE DEFEATS RANGERS BY 4 TO 3 THURSDAY NIGHT

The Rangers of Clairmont and Sexsmith played their first league game with Hythe on Thursday night last, when the Rangers came out on the short end of the 4 to 3 score. Seeing that the new united team has had no practices, this is not discouraging at all.

For Hythe the Oakford brothers were the big scorers, and for the Rangers Buster Brown covered himself with glory, scoring two goals and getting an assist on the third, the goal being scored by Stan Warren off a pass from Buster.

Bob Shaw, one of the "kid line," was hit in the eye with a puck, which required three stitches, administered by Dr. Gamay. This will keep Bob out of the game for a week or ten days.

The referee was Holden of Hythe, and the linesman F. McNaughton of Sexsmith.

The return game with Beaver Lodge will be played here on Friday, December 16. Hythe will play at Sexsmith on Monday, December 19.

The new rink is now in good running order and it is up to the public to give it good support. We have one of the best rinks in the north country, and same was built mostly by popular subscription, and as it is still in the red, we look for good attendance at these games. Hot dogs will be served and music will be dispensed between the periods. After the game on Friday night with Beaver Lodge there will be a dance at the Kristin Hall.

WEMBLEY DEFEATS RANGERS 5 TO 3 ON MONDAY NIGHT

The Wembley hockey team played a league game with Sexsmith at the Clairmont Rangers last night (Monday) at Sexsmith and came out on the long end of the score of 5 to 3.

On the night's play the visitors

were the better team, their combination and checking, being much superior to the home aggregation. The Rangers have good material but certainly need considerable practice. The unfortunate part about it is that the Rangers will have played four of their eight league games within a period of 11 days, the fourth one being on Monday night next with Hythe. This means that with the season barely started, we will only have one more home game to play, unless they double up on the schedule. Just who is responsible for this state of affairs we do not know, but it is not so hot.

Wembley started the scoring about half way through the first period, and by the time this stanza was ended they were three to nothing to the good.

In the second period Nixon of the Rangers scored off a pass from Ireland. Things looked brighter for the home team. However, Wembley scored two more, and just before the end of the last period Brown scored off a pass from Warren. Most of the scoring for Wembley was done by Minchin.

Fred McNaughton of Sexsmith was the referee and the linesman was from Wembley.

Sexsmith Skating Rink Officially Opened On Wed.

On Wednesday, December 7, the new rink was officially opened for skating. Colored lights were strung across the ice and a number of Christmas trees were placed at intervals around the rink, decorated with colored lights, which gave a carnival air to the occasion. There was a large crowd present, and, although the ice was a little soft, everybody seemed to have a good time.

Sweet music was dispensed during the evening under the supervision of Norman Umbach, and by the way that Norman handled the orchestra one could see that he is a finished musician.

The hot dog booth was in charge of Herbert Bruhaker and Roy Foote, who were kept busy most of the evening.

At half time several races were staged, starting with the little ones and ending up with ladies under 18. Now as these races were more or less of impromptu affairs, no provision for prizes had been made, so the winner received coffee and hot dogs free. When the race for ladies under 18 was called these girls got their heads together and decided that one hot dog for eight girls was pretty slim rations, so they decided that they would all come to the finishing line in a dead heat, so that they would all get a hot dog. Unfortunately for their plan, there was one entry who evidently was not in on the scheme, and when the starting gun was fired she was off like a streak of lightning and was well ahead of the rest, when, unfortunately for her, she hit a bad spot in the ice and went down with a thump on that part of her anatomy that is generally used for sitting down, thus giving the contributors a run for their money. The race ended

Sexsmith and Dist. Unite to Distribute Christmas Cheer

A meeting was called last Thursday and the Sexsmith Community Chest was formed for the purpose of collecting clothing, provisions, and money, the motive being to distribute these amongst the people of this district who, through no fault of their own, are more or less in need of same. This movement is under the auspices of the five churches in Sexsmith, the Canadian Legion, Masonic Lodge, and the Women's Institute.

It is desirous of getting these contributions in by Saturday, December 17, and we would ask you to dig down to the bottom of your pockets and give a little Christmas cheer to those who are not so fortunate as yourself.

Contributions can be handed in to Mr. W. R. Roberts, chairman; the Rev. W. E. Webb, secretary; or Mrs. Wm. Hall, vice-chairman.

ARRIVALS AT SEXSMITH MATERNITY HOSPITAL

Have been rather neglecting the new arrivals at the Sexsmith Maternity Hospital, however the list up to date is as follows: Born to Mr. and Mrs. Ray Sears, Sexsmith, October 7, a girl; Mr. and Mrs. Alex Morrison of Sexsmith, October 2, a girl; Mr. and Mrs. M. Norman, Teepee Creek, November 14, a girl; Mr. and Mrs. Henry Fink, Teepee Creek, November 28, a boy and Mr. and Mrs. M. Hawland, Woking, December 12, a boy.

SEXSMITH LOCALS

Miss Muriel Weicker left on Friday's train for Calgary, where she will spend the Christmas holidays with her aunt, Mrs. Witwer. Muriel expects to be away about a month.

December 9, 9 and 10 were Turkey Days in Sexsmith. The buyers were P. Burns & Company, J. N. Olson and J. A. Weicker. There were approximately 12,000 pounds shipped out and prices ranged from 8 cent to 13 cents. The quality was a little better than last year.

The Young People's Society held their regular meeting on Monday evening at the home of Mrs. Muller. A social hour was held, and one of the high-lights of the evening and several games were played. Mr. Rands gave a talk on the "Bible's Candlesticks," relating to Jean Valjean, from Victor Hugo's "Les Miserables." After a light lunch was served all enjoyed the sleigh ride home.

Timely Hints From the Beaverlodge Sub-Station

By
W. D. Alt-right

"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

What timely hints doth now the season prompt?
What fact is new; what doth experience point?

Good cheer is always good coin.
Who could have improved on the Westerman's job this autumn?

Christmas, doorway decorations appear to be in vogue. Evergreens are plentiful. Let's see what can be done with them in arches, sprays and wreaths.

During the ten-year period ending 1937, says F. W. Graves, Assistant Architect, of the Dominion Experimental Farms system, Ottawa, farm fire losses in Canada (exclusive of dwellings) amounted to over \$38,000,000, occasioned by 41,286 fires. A mimeograph prepared by Mr. Graves, telling how most of these might be prevented is available on application to Mr. Graves or to the Beaverlodge Substation.

It is good practice frequently to inspect plants wintering in the cellar. See that the begonias are not spilling; that the gladioli are not moulding; that the dahlias are not wilting or shrivelling over-much, and that none are starting into growth due to too high temperatures. A ship-lap partition goes a long way toward making a suitable flower storage corner in a heated basement.

The season of Christmas table decorations is at hand. When flowers of different colors are used in a bouquet, it is better to group them more or less, letting one color run into another in an uneven line. If flowers of different colors are placed hit-and-miss in a container, the effect is likely to be spotted. Large flowers and dark flowers are best used low in a composition.

The sower who goes forth to sow knoweth not which shall prosper. A

grain exhibitor never knows in advance from what part of the farm he will reap his most likely sample for show purposes. The wheat on which Lloyd Rigby won the 1938 world championship was from their last sown. It was on gumbo land that could not have been successfully plowed in a dry spring, so was tiller combined on Reward wheat stubble.

It pays to watch the storage cellar temperature. In most cases it should run around 35° to 40° F., though just over 40° might be better for table potatoes. When it gets too high, if the outside temperature is lower, give more ventilation, but if the outside temperature is higher keep it closed tightly. When the cellar temperature is running around 35° F., it must be watched to make sure that outside night temperatures do not go so low as to bring cellar temperature down to the danger point. Manure banking helps if done in time.

A chart of hog marketings prepared by the Industrial and Development Council of Canadian Meat Packers shows that every year deliveries fall to low levels in mid-summer, reach their low point at the end of August, then rise rapidly and within a period of 6 to 8 weeks increase 100 to 130 per cent or more. This compels storage of product and interferes with regularity of supply to export markets, causing price depression, which is reflected on the hog producer. The suggestion is that some of the sows be bred in late October to January be bred instead during August, September and early October. Suitable farrowing quarters must, of course, be provided.

That 3 C.W. barley fully equals Argentine yellow corn for bacon hog feeding is the indication of a co-operative 1937 experiment with five replicate tests conducted at four

points in eastern Canada and reported by a sub-committee of the National Barley Committee. Barley seemed to be as palatable as corn and made better gains than corn, while the carcasses of the barley-fed hogs yielded as good carcasses as corn-fed hogs, if not better than the corn-fed. Part of the advantage appeared to lie in a tendency for a greater quantity and proportion of lean in the bacon rasher. Incidentally, the pigs fed 3 C.W. oats required three weeks longer feeding and 8 per cent more feed to reach market weight than did the hogs fed barley from weaning to finish.

A statesmanlike deliverance was that of Frank C. Brown of Vancouver, a former president of the Canadian Manufacturers' Association, who insists that the jobs to be done with the now unemployed are "those that will return dividends—jobs like the trans-Canada highway, roads to our great national parks and the northland, the Peace River country, a Peace River outlet to the Coast." In casting about for relief jobs we must distinguish between the productive and the unproductive. Of the latter class are new public buildings erected to supersede old ones that were still serviceable. Production expenditures are colonization roads and tourist routes—things that draw business and swell revenues. The northern banking helps for such investment in the North, yet the country supports hundreds of thousands in idleness.

Vegetable Seed Production
Have you done any work on production of garden vegetable seed, including peas and beans? What varieties would be most successful for seed production on light clay soil or black loam, which is available on farm northwest of Edmonton?—D.C., Pickardville, Alta.

Ans.: Encouragement has attended our limited trials of vegetable seed production. For instance, in 1938 one cabbage, sown in the open, produced six or seven times the average home garden requirements. Peas produced bountifully, and beans should often ripen in the safer locations. Parsnips and radish may be depended upon. In 1937 seed was harvested of cabbage, two varieties of peas, parsnip, carrot, beet, radish, corn and tomato, as well as of many varieties of flowers. Of most kinds it is well to choose early varieties popular with the trade.

Sowing Fertilizer in the Fallow Year

I plan to summerfallow my farm in 1939 and crop it the next, but instead of drilling the fertilizer in the spring as the seed is sown I was wondering how it would work if the fertilizer in the fall of the fallow year. I thought by doing this I might grow Marquis to good advantage, or even make oats a more paying crop.—C.L.T., Hythe, Alta.

Ans.: Although on the Substation in 1937 oats gave surprising response to phosphatic fertilizers applied in the early part of the summerfallow season of 1936, such treatment is not recommended by the fertilizer companies. In the first place, there might be danger of some waste of the soluble elements, particularly nitrogen, through leaching. In the second place, the fertilizer being distributed evenly throughout the surface soil would benefit the weeds in the interspaces as much as the grain in the drills, whereas grain fertilized by the prescribed method has a head start over most of the weeds and it has little to fear from those growing with it in the drill rows. One theoretical advantage of C.L.T.'s plan is that the fertilizer could be spread by hand at a slack season, but unless one were expert at hand-sowing he would probably fail to secure anything like a uniform application of the small quantity of 20 to 30 pounds per acre found necessary when the fertilizer is put on with a fertilizer drill or a fertilizer attachment for an ordinary drill.

ILLUSTRATED NEWS OF THE WEEK

A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

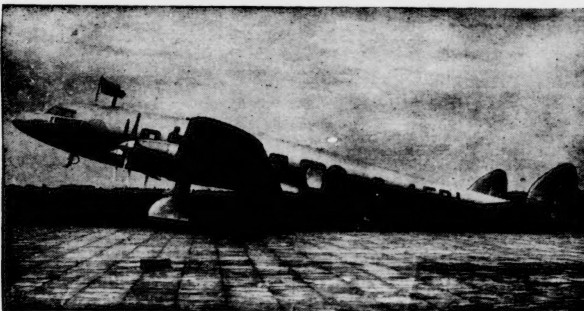

BRITAIN'S AIR ARMADA GROWS RAPIDLY

A year ago these giant bombers were merely tracings on the drawing board of the aeroplane designer, now hundreds of them have been issued to various units of the R.A.F. Carrying a crew of seven, these machines have cruising speeds exceeding 200 m.p.h., and were specially built for long distance flying.

BRITAIN'S HARASSED PREMIER IN A JOVIAL MOOD

Premier Chamberlain looks very happy in the above picture, and it is not to be wondered at. He is shown with his daughter and son-in-law, Mr. and Mrs. Stephen Lloyd, at the christening of his granddaughter at Chelsea Old Church.

ANOTHER OF BRITAIN'S NEW HIGH-SPEED AIR-LINERS

The Imperial Airways plus 200 m.p.h. air-liner, the "Frobisher," is one of a fleet of cross-channel planes which will soon be commissioned for passenger service. The "Frobisher," seen above at Croydon, will be joined soon by the "Falcon" and "For tuna," and will form a fleet of the fastest air-liners in Europe. Each is fitted with four "Cory Twelve" engines of 325 h.p. each. It has a cruising speed of well over 200 m.p.h. and will have a normal range with full load of twenty-two passengers of not less than 1,000 miles.

QUEEN ELIZABETH SUPPORTS Y.W.C.A.

An interesting picture showing Queen Elizabeth receiving a bouquet upon her arrival at Sadlers Wells Theatre, London, to attend a demonstration of drama, music and mime arranged by the London Young Women's Christian Association.

LED FRENCH STRIKE?

Here is the man believed to have been responsible for the general French strike, in which 5,000,000 persons "passively" stopped work in protest of Premier Daladier's economic decrees. He is Leon Jouhaux, head of the General Confederation of Labor.

SHIRLEY GETS HONOR

To Shirley Temple, screen juvenile, goes the high honor of being the grand marshal of the Tournament of the Roses parade on January 2, 1939, which precedes the annual Rose Bowl game. Shirley was presented with her official badge in an informal ceremony on the porch of her bungalow in Hollywood. Shirley is the only child ever accorded this honor.

ABDULLAH YUSUF ALI

Former Minister of Revenue for the state of Hyderabad, India, photographed on board ship as he arrived in Montreal to start a lecture tour of the Dominion under the auspices of the National Council for Education.

FACES PROBLEM

Knotty problems with immigration authorities faced Mrs. Pauline Lieberman Kim, 32-year-old former Brooklyn girl pictured with her Chinese son when they arrived in New York. Mrs. Kim was married to Herbert Kim, a Chinese, in 1930, and lived with him in China and Russia until he was arrested in Siberia as an "economic spy." The question seems to be the citizenship of the boy, since Mrs. Kim had renounced her United States citizenship.

HEADS AIR LINE

Walter Leslie Runciman, 38-year-old son of Viscount Runciman, who has been appointed to a post with Imperial Airways and British Airways, at present undecided by the British government. The government proposes to form a public corporation to absorb the two principal British air transport companies. Walter Runciman may become active managing director of the combined organizations.

"IT WAS JUST GOD!"

A 60-year-old Joplin, Missouri, school teacher's premonition of disaster saved the lives of many of her 34 pupils. The teacher, Miss Dolcie Board, above, no sooner had ushered her children out of the primary room when the entire ceiling fell, crushing the desks. "I didn't hear the ceiling crack or see it bulge," Miss Board said. "It was just God—Providence—that told me to get the children out of the room."

"Yes, Cap'n, when my old woman says it needs a shade—it gets a shade!"
—Lachende Well, Leipzig.

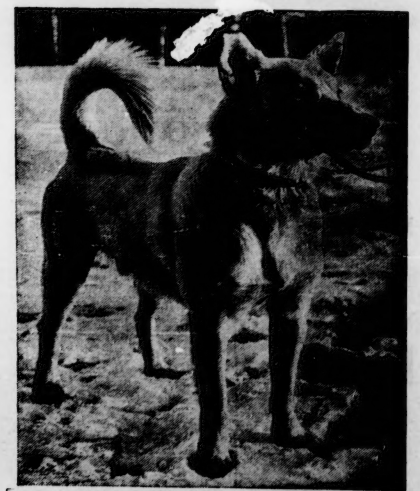

DO YOU LIKE FRUIT?

It must be thrilling to work around the grapefruit vines at Clearwater, Florida, at this time of the year. This picture shows Frances Toole and Sally Lyon gathering the luscious fruit, which is growing in profusion.

SKI QUEEN—NOW SCREEN QUEEN?

Last year Miriam Lilygren was selected by the University of Washington students as their ski queen. Later she appeared in a campus play. A Hollywood talent scout saw her and now Miss Lilygren has been signed to a contract. For screen purposes Miss Lilygren's name has been changed to Jo Ann Sayers.

A MUCH-TRAVELLED HUSKY

Believed to be the only dog of its type in Canada, this big, white, purebred Siberian husky poses for the camera. Owned by Robert F. Lambert of Toronto, the dog, "Peter," has another distinction. Mr. Lambert is a commercial traveller, and "Peter" accompanies his master all over Canada, in trains, automobiles, boats and aeroplanes. When the picture was taken "Peter" was enjoying a brisk winter day in Regina.

Tribune Want Ads Bring Results

HERE and THERE "On the Air"

This week CICA Publicity Release set:

Showmanship Plus Education!

Along with almost every other radio writer in the country, I've done my share of scoffing at the idea of stuffy professors and educational cranks who would forget that radio's job is to entertain and not to educate people. But when learned gentlemen get together and prove that they can educate and entertain all at once—then I'm for it 100%. Most anyone can do with a little more education, and if it can be handed out through the airwaves in a showmanlike manner, so much to the good. And the board of experts on the "Information Please" broadcast have proved beyond a doubt that it can and has been done. I've found it so entertaining that even though its reception from American stations has faded badly, I've tried my best to keep it tuned in. Now we will be able to hear it each Monday night, 9:30 to 10 p.m. from CICA.

"Information Please" might be described as a "man bites dog" type of audience participation show. Instead of experts putting questions to members of the audience, the audience questions the board of experts. Although the board includes some of the country's outstanding radio personalities, experts in their fields, the radio audience succeeds in stumping them about 25% of the time with the questions submitted. The manner in which the experts take their falls gives listeners a Roman holiday. Anxious to stump the experts, listeners have been submitting upwards of 5,000 questions to "Information Please" each week; and out of this number twenty questions are programmed, with a few spares for rehearsal. Those submitting a question used on the broadcast receive five dollars. If the experts fail to answer it, an extra ten dollars is added to the questioner. The questions are selected by a board of four readers.

Edited by Arthur Jackson

and an editor, who make their choice on the basis of educational value, entertainment value and difficulty.

Regular members of the board of experts who have the job of answering the nation's questions are Clifton Fadiman, literary editor of the New Yorker, Franklin P. Adams, columnist of the New York Post, and John Kieran, scholarly sports authority. Along with these regulars I've heard such guest celebrities as Alice Duer Saurman and Moss Hart, Oscar Levant, Harpo Marx, Paul de Kruif, Stuart Chase, John Erskine, Marc Connelly, Bernard Jaffe and Dorothy Gish.

Against the experts at answering questions, however, have been pitted equally celebrated questioners. Among those who have tried to baffle the experts by submitting questions have been such well-known figures as Herbert Bayard Swope, editor, Caroline Wells, detective fiction writer, Max Schuster, book publisher and several Supreme Court justices.

Unlike most radio programs, "Information Please" is not rehearsed. All the jokes and puns that make the show so popular with listeners are injected spontaneously by the board of experts. The master of ceremonies, he sees the list of questions before the broadcast and has the opportunity to work out various gags to discredit his colleagues.

Among the questions that have stumped the experts in "Information Please" have been the following noteworthy examples. They did not know the name of the Dionne quintuplets. They were not aware that the island of Reil is a part of the brain. The immigration restrictions on England, Brazil and China were unknown to them, and Franklin P. Adams could not recall the author of a poem that he had written himself. From what I have heard of "Information Please," and have been told about it, I can understand why it has become one of the most popular programs in the United States, and it seems to me that its educational slant, coupled with its genuine good showmanship, should make it a regularly well-heard of program when it is heard from CICA Monday night, 9:30 to 10 o'clock.

"Information Please" broadcast over CFGP, Monday nights, 9:30 to 10, beginning December 19.

JUST BEFORE SIGN-OFF:

It is my candid opinion that Jack Dawson's new show, "What's On My Mind" (CICA, Wednesday night, 10 to 10:30), is as smart as local production as you'd care to hear—and merits a pat on the back from CICA. The show has been running just as much originality shown on this side of the boundary line as on the other. The success of the show called "Information Please" proves that pessimists who claim the average listener is intelligent under 12 years ought to take an IQ test themselves. . . . THAT whether

you are five or fifty, you can still enjoy a fair and lively tale in the program "Once Upon a Time" (CICA, 6 to 6:15 p.m., Mondays and Fridays).

Born at Dorchester, England, in 1901, and educated at Grocers Company School, Maurice Evans made his first appearance in public in his father's theatrical history on "New York's Broadway in 'Hamlet' will come to Toronto Sunday, December 18, to close CBC's Shakespearean series as the star of "Hamlet, Prince of Denmark."

That the island of Reil is a part of the brain, the immigration restrictions on England, Brazil and China were unknown to them, and Franklin P. Adams could not recall the author of a poem that he had written himself. From what I have heard of "Information Please," and have been told about it, I can understand why it has become one of the most popular programs in the United States, and it seems to me that its educational slant, coupled with its genuine good showmanship, should make it a regularly well-heard of program when it is heard from CICA Monday night, 9:30 to 10 o'clock.

MAURICE EVANS TO CLOSE CBC SERIES

Maurice Evans, the British Shakespearean actor who scored a signal success a few seasons ago in "Richard the Second" and who has now made his first appearance in public in his father's theatrical history on "New York's Broadway in 'Hamlet' will come to Toronto Sunday, December 18, to close CBC's Shakespearean series as the star of "Hamlet, Prince of Denmark."

That the island of Reil is a part of the brain, the immigration restrictions on England, Brazil and China were unknown to them, and Franklin P. Adams could not recall the author of a poem that he had written himself. From what I have heard of "Information Please," and have been told about it, I can understand why it has become one of the most popular programs in the United States, and it seems to me that its educational slant, coupled with its genuine good showmanship, should make it a regularly well-heard of program when it is heard from CICA Monday night, 9:30 to 10 o'clock.

Maurice Evans' first London appearance was in 1927 at Wyndham, as P. C. Andrews in "One-Eyed Hero." A large number of other roles followed, and he played the part of Second Lieutenant Raleigh in "Journey's End" at the Savoy, in January, 1929. In 1934 he joined the old "Vic" through Sadler's Wells Company. During that time he played Caesar in "Antony and Cleopatra" and Benedict in "Much Ado About Nothing." His other Shakespearean portrayals have been part two of "Henry IV" and "Hamlet," in which he is now appearing in New York.

Evans' American debut occurred in 1935 when he toured with Katherine Cornell in "Romeo and Juliet," and he made his first New York appearance in December of the same year.

New Communities Gain Benefit Of Housing Loans

Number Of Loans Approved Higher In November Than For Any Other Month Since Operations Began

The Hon. Charles A. Dunning, Minister of Finance, today released figures showing the number of National Housing Act loans approved during November 1937 above approvals for October, 1938, and 172% above November, 1937.

Number of loans approved, 318, again higher than any previous month since operations began in 1935, surpassing October, 1938, previous high month, by nine loans. The total amount of loans approved was \$1,739,985, and was greater than for any previous month, excepting July, 1938, the very peak of the building season, when loans approved amounted to \$2,066,713.

During November provided housing accommodation for 507 families. Taking into account the seasonal falling off usually prevailing at this time of the year, November totals offer spectacular evidence of the increasing effectiveness of the new provisions of the Dominion's housing legislation which came into operation at the beginning of August.

In the four months since the National Housing Act came into force loans are up 97% in amount loaned and 123% in number of families housed. Units financed, compared with the same months of 1937.

An additional forty 90% loans or low-cost homes valued at \$2,500 or less were approved during the month, bringing the total number of such loans to 82. Under the guarantee for loans in the smaller and more remote areas, and in special districts of the larger centres, 141 loans were approved during the month, bringing the total in this classification to 400.

New communities continue to be opened to the benefits of the lending facilities provided under the Act. During November, loans were approved for 34 new municipalities, bringing the total number of communities to 285. Since the provisions of the National Housing Act became effective in August 91 new municipalities have been added to the list of communities in making the lending institutions are making

Of the 507 family housing units financed during November, 81 or 15.9% were financed by loans of \$2,500 or less; 241 or 47.4% were financed by loans of \$3,000 or less; and 385 or 76.6% were financed by loans of \$3,500 or less. The average loan for the month is \$3,432, and the average for all loans made to date now stands at \$3,914.

The total amount of loans made

under the Dominion's housing legislation reached \$26,400,000, and the total housing units financed number 6,755.

The following table shows the number of family housing units financed and the total amount of loans made up to November 30, 1938, classified by provinces:		
Prince Edward I.	15	\$ 80,034
New Scotia	426	1,869,578
New Brunswick	118	505,117

BELLOY NEWS

BACK FROM HARVESTING IN SOUTHERN ALBERTA

BELLOY, Dec. 13.—Messrs. Clarence, Willard and Sanford Urnes returned home from southern Alberta last week, after taking in the harvest work south of Calgary. They also visited friends and relations in the Twin Butte, Pincher Creek and Nanton districts.

The boys report they put in almost thirty days stooking and about the same number of days threshing. Sounds like the good old days have returned to southern Alberta, at least temporarily. About the only regret expressed in those parts is the fact the farmers are compelled to accept exceptionally low prices for the best crop in a good many years.

The boys also inform us that on route home they stopped off in Turner Valley oil fields to visit a brother there. They found operations to be very slow, with hundreds out of work and on relief.

M. P. HIGHWAY DANCE DECIDED SUCCESS

The Monkan Pass Highway dance held here last Friday was a decided success, although the crowd was fairly small, due to dances held at so many nearby points. However, every one reports a splendid time and enjoyed the music as supplied by C.F.G.P. It is indeed a worthy project and the general opinion here is that it should be completed as quickly as possible.

Squirrel hunting seems to be the most popular sport these days. Some of the boys report two or three bagful a day. The tiny skins bring in an appreciated income though, if there is enough of them.

Mr. L. J. Bowen was a business visitor in the district last week.

Mr. and Mrs. Ripley and family accompanied Mr. and Mrs. H. Girard of Wanham to the E. L. Secquet home last Sunday for dinner there.

Miss Ruby Schickel of Fox Creek passed through on Friday's train on her way to Grande Prairie, where a position awaited her.

Christmas is again just around the corner and the stores are fully decorated and ready for the business rush that is prevalent during the annual festive season.

POPS BY "POP"

We are wondering just where F. D. spent so much of his time the other night. Lights were on everywhere. Oh, well, we were young once ourselves.

If the mild weather continues it will be a very short winter for one young gentleman in the district. But if these roads ever drift shut east of here, we wager the winter will seem endless.

We are looking forward to a real wedding dance in the near future, and we hope we will not be disappointed.

Four Cars Break Through Slave Lake Ice

FAUST, Dec. 9.—The four cars which broke through the ice on Slave Lake in the last few days have all been retrieved except one. This car will likely also be on top of the ice within another twenty-four hours. Chester Bajer was the first to go through the ice, landing in about four feet of water. Then a car from Jossard.

A Harper of Driftville Point was the next. He stopped his car too close to an unnoticed crack and while working with his net, the car suddenly crashed through into ten feet of water.

The "thriller" and a real race for life came when Mr. Conklin of Falher in his car, accompanied by A. Brillon and his nephew, seeing a newly formed wide crack, set his brakes to no avail and racingly slid into something like fifteen feet of water. A. Brillon succeeded in staying on the ice and fished out alive the other two, who went in with the machine.

Melford Bermish, formerly of High Prairie, is successfully doing the deep water retrieving for the hapless fishermen.

During the strong wind, when a mild spell prevailed a few days ago, all began to break up, causing ice elsewhere to shift, and various persons lost. John Kruko is the latest loser, being minus nineteen nets.

MRS. WILLIER RELEASED

The widow of the murdered Indian, Dan Willier, who was held in connection with the crime that took place at Driftville November 27, was released at the preliminary trial held December 8 at the Indian Agency. Julia Lalonde, the accused Indian in the case, is still being held, the evidence being against him.

THREE MONTHS FOR SELLING LIQUOR

A penalty of \$300 or three months at hard labor was given Alva A. Steward of Driftville Point by Magistrate Wm. Stewart for selling liquor for the infraction of the Liquor Act and for trafficking therein with the Indians. December 7, Mr. Steward chose the jail sentence and was taken out December 9.

At the same sitting Frank Plaise, Driftville merchant, was fined \$10 and costs for buying fur out of season.

DEBOLT ITEMS

DE BOLT, Dec. 11.—Mrs. L. Voshall returned home from the hospital on Saturday. She had been a patient there for the past week.

Mrs. I. W. Morrison and sons spent last week visiting relatives in Grande Prairie.

Mr. and Mrs. Roddy McArthur are the proud parents of a baby boy, born December 3.

Mr. and Mrs. J. H. Bickell and children were visitors to Grande Prairie on Thursday.

There was a meeting of the Busy Bee Club at the home of Mrs. H. E. DeBolt on December 6. All members were present but two. It was decided not to have a meeting in January, so the next meeting will be

the first Tuesday in February. A delicious lunch was served by Mrs. A. Matlock and Mrs. T. Klassen.

Mrs. Jake Fehr, Jr., and daughter were visiting in town for several days last week.

Mr. and Mrs. Gordon Scott and children were Sunday visitors at the Dennis home.

The Ladies' Aid will not hold another meeting till the last Tuesday in February.

NO CHRISTMAS CONCERT

Owing to sickening cough among the school children, the Edison Trail school will not have a concert and Christmas tree as planned. The children will receive their Christmas treat at the school-house.

Mr. Alvin DeBolt of Nanton, Alta., is here visiting at the home of his cousin, Mrs. T. Moore.

Bill McKinley held a turkey shoot at DeBolt on Saturday afternoon.

Mrs. L. Roe and son, Bobby, of the Ferry Inn are visiting at the McKinley home this week.

BIG NEW YEAR'S DANCE AT HALL

Don't forget the Big New Year's dance at the hall on December 30. The hall will be decorated and there will be novelties and noise-makers of every kind. Everyone invited to attend. Admission 25 cents. Ladies bring lunch or pay admission.

The Two-Table Bridge Club met at the G. DeBolt home on last Tuesday evening, and will meet at the home of Mrs. E. Morrison on Tuesday evening, December 13.

Tom Moore, Dale DeBolt and G. Groves spent several days at the Simonette River last week.

Mr. and Mrs. C. Moore and sons were Sunday visitors at the J. Fehr home.

Frank Knox had the misfortune to get his wood-sawing outfit burned up one day last week.

Mr. and Mrs. T. Moore and children were visitors at the L. Morrison home on Sunday.

Mr. and Mrs. J. Bickell and sons were visitors at the H. E. DeBolt home on Sunday.

Mr. and Mrs. Pete Knox got moved into their new house on their home-stead one day last week.

GOODWIN

GOODWIN, Dec. 12.—The children are hard at practice with their Christmas trees. The Ravensda district are having their tree on Friday afternoon, while the teacher and children of the school are giving their concert on Friday, December 23.

O. Krause, who has spent some time in Moon's saw camp, has returned home.

Ben Lenes took in the Monkan dance in DeBolt on Friday evening.

A. Steiner and P. Buel are busy hauling their home from up North.

A bunch of men commenced work on the Anglican church in the district this week.

A. Goodland called at E. Davies on Sunday.

Mr. and Mrs. Ron. Moody visited at the MacDonald home on Sunday.

Mrs. A. Goodland called on Mrs. Weatherby on Saturday.

KLONDIKE TRAIL

KLONDIKE TRAIL, Dec. 10.—It seems the boys in the district have become squirrel-mad. Guy Ramsey and Dale Shubrier left Saturday for the Wapiti. Eddie Gitzel has returned and will play goal for the Wembley hockey team.

The Ladies' Aid met on December 1, at the home of Mrs. V. Hennig. Sr.

Mr. Gust Gitzel on Friday completed construction on the house of Roy Demsky, near Halcourt.

On Thursday night some of the Klondike Trail young people went to the lake on the Carter farm to clear the ice. This lake is large enough to make a very good skating rink.

Lily Gitzel had the misfortune to get cut while resting during a skating period at the opening of the Huallien rink.

The Klondike Trail school children are busy practicing for their Christmas concert, which is to be held December 22.

BEAVER LODGE

"Aunt Tillie Goes To Town" This Friday Night

BEAVER LODGE, Dec. 13.—The play, "Aunt Tillie Goes To Town," to be presented Friday, December 16, appears to be taking on the finished appearance which all plays require. Practicing is nearly over and the players are more than ready for the presentation on Friday night.

The reserve seat tickets will be all sold by the time this is read by Beaver Lodge readers, but there have been plenty of reservations made for rush seats. So, if you have not a reserve seat, remember that there is room for you—but come early. Show starts at 8:15 p.m. sharp.

Following the play there will be a dance, with the Vagabond Orchestra in attendance. Come, enjoy yourself, and help swell the hospital fund.

HUALLEN NEWS

M.P.H.A. BENEFIT DANCE WENT OVER IN BIG WAY

HUALLEN, Dec. 12.—The radio dance in aid of the Monkan Pass Highway went over in a big way last Friday night. About 100 people attended and all report having a very enjoyable evening of dancing. Those that stayed away thinking this dance would be a repetition of the last lost something. All the orchestra participating dispensed snappy music, but the Vagabonds got the nod from the local crowd.

A goose donated by E. Schneider realized \$4.35 in a raffle and was won by H. Alder.

In the draw held by the Association of Klondike Hunters, Mrs. M. 4525 from the lake, Miss Madelon Flint being the lucky holder. Hope the Indian settlement at Hualien Creek. All hands immediately got busy preparing to ship a complete store in record time and the general manager left Pipestone Creek at 5 a.m., several jumps ahead of the rival organization. A most successful trip is reported.

CHRISTMAS ENTERTAINMENT

THURSDAY, DEC. 22

We notice in the November issue of the Lower Beaver Lodge school yearbook that we are to have our Christmas entertainment on Thursday, December 22, at 8 p.m. sharp.

We also note that the following are taking out the paper every month: Editor, Marjorie E. Thorson; news committee, Reta E. Thorson, Bessie Boyd and Kay Bickell; cartoonist, Dorothy Edger-ton; advertising committee, Gordon Boyd and Marion Bickell; Margaret Clow; printers, Evelyn and Elora Gobel.

LOCAL PARS

Anglican Church services were held in Aspen Dale school-house last Tuesday evening. Later in the evening some movies were shown and the ladies society then gave a social party for home. Rev. K. L. Sandercock intimated that his next visit will be on the night of December 27 (D.V.).

Ge. Schadeck and son, Otto, have returned from their hunting trip and report no luck.

A bunch of local boys have gone across the Wapiti on a squirrel hunt. The little red squirrel is much sought after and their pelts, which bring nine cents each, supply a much needed source of income when the kitty is getting low.

Fred Schmitke was taken ill last Thursday, suffering from stomach trouble. Dr. Miller ordered his removal to the hospital, where we understand he underwent an operation.

A prominent local farmer, E. Schneider, while driving his car down Richmond Hill, on route to Grande Prairie, had the misfortune to have it damaged while driving all day. icy roads have been the cause of quite a few accidents lately.

Aspen Dale School Christmas entertainment Thursday evening, December 22, at 8 o'clock.

Mr. and Mrs. Andrew M. Scott will make their home near Spirit River.

They are holding a dance at Spirit Valley on December 12.

IMPROVING FERTILITY OF FARMYARD MANURE

Now that the live stock is in the stables, the annual winter harvest of soil fertility in the form of stable manure, since it makes for more important task. Unattractive to some, yet highly regarded by all who know the land, manure is recognized as the most valuable by-product of the farm, deserving as much consideration in its conservation as is given to the storage of crops.

Unfortunately, says G. R. Snyder, soil chemist, the real qualities of manure are not always appreciated fully, with the result that much of its value, in the form of nitrogen, phosphoric acid and potash, is permitted to be lost. It is suggested to join the other thousands of dollars' worth of these essential plant foods that yearly flow into ponds, ditches and creeks.

That this loss may be substantial is well illustrated by the results of the analysis of fresh and leached manure, published by the Division of Chemistry of the Central Experimental Farm, Ottawa. The analyses show that a ton of average mixed fresh manure (cow, horse and pig) contains approximately \$240 worth of plant food, while manure that has been exposed to heavy rains and the draining allowed to escape may deteriorate to the extent of nearly fifty per cent of its original value.

Opinions vary somewhat as to the best method of handling manure. Dairy farmers usually prefer to draw the manure to the fields, spreading it immediately, if conditions are favorable. Since it makes for more sanitary conditions around the building and gets the manure to work on the land with the least loss of organic matter. The loss of soluble plant foods by run-off and leaching may be appreciable, however, if the soil is porous or the area hilly or steeply sloping. When manure is stored in the barnyard the losses from leaching can be greatly reduced by having the yard cemented, the plan provid-

ing that the manure is not allowed to run off.

Mr. and Mrs. W. Hosker paid a state visit to Whyte's on Monday last.

NEW BRANCH AT PINTO CREEK

In order to serve better the interests of the farmers at Stony Meadows and Pinto Creek, the management has already opened a branch of the store at Pinto Creek, where a complete stock of life's essentials will be carried. Due to the fact that this

new branch is a very convenient place for the farmers to get their supplies, it is hoped that it will be a success.

SUCCESSION TRADING TRIP

An exciting story of rival traders has interested the district. At mid-night Wednesday of last week word was received here that a rival trader would be taking a load of trade goods to the Indian settlement at Hualien Creek. All hands immediately got busy preparing to ship a complete store in record time and the general manager left Pipestone Creek at 5 a.m., several jumps ahead of the rival organization. A most successful trip is reported.

Dan St. Arnault, the chief packer, left here today for his pack outfit for Fort Porcupine with a complete line of Christmas supplies and mail for the factor, Mr. M. Sanders. Business is brisk at the Fort. In his spare time Maxton Sanders has caught some trout weighing five pounds apiece.

SPIRIT RIVER NEWS

WEDDING BELLS

SPRIT RIVER, Dec. 8.—A quiet but pretty wedding took place at St. Paul's United Church manse, Grande Prairie, Thursday, December 8, when Ruby Alice Palsler, third eldest daughter of Mr. and Mrs. J. Palsler, was united in holy matrimony to Andrew McNish Scott, second eldest son of Mr. and Mrs. Robert C. Scott, also of Spirit River. Rev. A. Willis Conn, minister of St. Paul's, officiated.

The bride wore a white satin floor-length dress, with veil and wreath, and carried a bouquet of white and yellow calla lilies with mixed chrysanthemums. Her sister, Phyllis, was bridesmaid and carried a bouquet of sweet peas.

The groom was supported by Mr. D. McArthur.

Mr. Scott presented his bride with a lovely velvet watch.

After a delicious supper, prepared by the mothers of the bride and groom, and attended by all relatives, was awaiting the bridal party's arrival from Grande Prairie Friday night.

The bride cut the cake, and every one joined in wishing them much happiness.

Mr. and Mrs. Andrew M. Scott will make their home near Spirit River.

They are holding a dance at Spirit Valley on December 12.

The primary department of St. Paul's United Church Sunday school will have their Christmas party next Monday evening, in the church's recreation room.

Marjorie Feist returned to her home in Wembley on Saturday, after spending a week with Everette Chard.

All the C.G.I.T. groups, including the Anglican one, had a wonderful time on Wednesday evening, for after their business meeting in St. Paul's United Church, recreation room, they had a party, when the delicious and generous lunch was supplied by the W.M.S. Mrs. W. J. Thomson addressed the meeting on behalf of the W.M.S. and Kathleen Keys conducted the service.

Mrs. T. Bromley and two lovely little sons, who have been visiting the former's father and family, the Tanners, in Grande Prairie for the past three or four months, returned to their home in Waterways on last Friday's train.

The Cubs and the boys of St. Paul's United Church senior Sunday school had a very enjoyable time at the former's birthday party in the basement of the church on Monday evening. A lantern show and a program and a great big birthday cake full of trifles as well as sugar and spice and all things that's nice. Four new members were invested. All enjoyed the lantern slides of the London Zoo, and the little concert when Gordon Pearey and Bobby Littleton played pianoforte solos and then a duet together, and Julius Boganoff sang, and Lawrence Moon and Jimmie Carlisle gave an amusing little skit.

The C.G.I.T. vesper service will be held in St. Paul's United Church at 4:30 p.m. next Sunday.

Mr. and Mrs. J. Hythe while on a business trip to Hythe took in the hockey match and dance.

Mr. Sharpe and young son, Billy, left for Edmonton on Friday's train.

Mrs. Merrill Lydell is visiting her sister near Clairmont for a few days.

Miss J. Stephenson left on Tuesday's train for Vancouver, where she will spend the winter.

Mr. and Mrs. W. M. Parker, accompanied by their little son, Billie, were business visitors in Grande Prairie on Thursday.

A meeting of the Junior C.W.L. was held on Tuesday evening in St. Joseph's school auditorium. Rev. Father Naphin were honored guests, the latter receiving a hearty welcome back from Grouard, where he has been studying Cree for the past two months.

After the business meeting Francis Halva read original compositions on the lives of Saint Stephen and Saint Bartholomew.

Father Naphin was prevailed upon to say a few words, then Father McGuire started a competitive game of general knowledge, in which all were well matched. Mary Campbell won first prize and Pat McKinney second, a five-year diary and a lovely calendar.

For the rest of the evening baseball darts was played, the Quick Wits beating the Whizz Bangs, 4-3, and the Flying Dutchmen winning against the Swift Cats, 5-2. Then the Flying Dutchmen beat the Quick Wits, 3-0, and Anne Dieckrich walked off with the prize.

The next meeting will be held on Thursday, January 12.

MRS. JAMES JAEGER
GUEST OF HONOR

Mrs. James Jaeger was the guest of honor at a two-table bridge party given by Mrs. Frank Donald in the Donald Hotel on Wednesday night, on the eve of Mrs. Jaeger's departure for Edmonton, where the family will reside in future.

During the pleasant evening Mrs. Jaeger was presented with a gift. Besides Mrs. Jaeger the following guests were present: Mrs. Clarence Shields, Mrs. Fred Hickman, Mrs. Jack Mantle, Mrs. Gordon Orr, Mrs. Bert Bessent, and Mrs. W. O'Dell.

A most delicious lunch was served during the evening.

Wedding Bells

GUDAUGSON-KEILLOR

A wedding of interest to the people of the Grande Prairie district was quietly solemnized at Fairview by Rev. J. D. Woolart, of the United Church, on the evening of November 11, when Fern Evelyn, daughter of Mr. and Mrs. W. Keillor of Last Lake, became the bride of Oscar Allen Gudaugson of Clairmont. Mr. and Mrs. Smith of Fairview attended the bride and groom.

The happy young couple, carrying with them the best wishes of the community, will reside at Gage.

Paragraphs of Personal Interest

Mr. and Mrs. Arthur Dixon of Beaver Lodge were visitors to the Prairie on Thursday.

Joseph Murray of Woking spent a few hours in Grande Prairie on Wednesday.

Carl Walter of Grande Prairie had his right shoulder dislocated on Tuesday when a ladder on which he was standing slipped.

Joseph Teas of the Sixsmith district left on Tuesday to spend the winter at Vancouver.

CHRISTIAN SCIENCE
At all Christian Science churches next Sunday the subject of the Lesson-Sermon will be "Is the Universe, Including Man, Evolved by Atomic Forces?" One of the Scriptural quotations in the Lesson-Sermon is Revelation 4:1, "Thou art worthy, O Lord, to receive glory and honor and power: for thou hast created all things, and for thy pleasure they are and were created."

"One of the correlative passages from 'Science and Health with Key to the Scriptures,' by Mary Baker Eddy, is 'The true theory of the universe, including men, is not in material history but in spiritual development.' (p. 547)."

METHODS OF WINTERING HORSES

(Experimental Farms News)

On many western farms, after the season's labor is completed, the horses are generally turned loose in the fall to rustle on the open prairie, and perhaps seek the lee side of a straw stack for shelter from the biting winds and the bitter snow storms often experienced on the wide open prairie, states W. H. Gibson, Superintendent of the Dominion Experimental Farm at Indian Head, Sask.

The younger horses are usually able to withstand the wintry winds better than the older horses, and mortality under these conditions is extremely high and adds greatly to the cost of production.

For a number of years it has been the practice at Indian Head Experimental Farm to winter brood mares, older horses and colts outside in corrals.

In comparison with horses housed in comfortable barns the outside lots have access to an open shed for grain and roughage. Limited quantities of grain are fed twice per day, water is available morning and evening, with potassium iodide at weekly intervals for the benefit of the brood mares.

Observations over a period of years indicate that horses wintered outside require considerably more grain and roughage than horses wintered in comfortable barns.

However, young colts, six to two-year-olds and younger, appear to rustle very much better than barn-fed

SCOTTISH ACRES DECREASE

The preliminary statement of the Agricultural Returns taken in Scotland, as at June, 1938, shows that the total area under crops and grass amounts to 4,500,000 acres, comprising 2,985,000 acres of arable land and 1,515,000 acres under permanent grass. The total acreage is the smallest recorded since 1873 and is less by 3,000 acres than that returned in 1937. The area of arable land in 1937 was 7,000 acres and is the smallest area recorded since the returns were first taken in 1866.

On the other hand, the 1938 area of permanent grass is 4,000 acres greater than in 1937.

SAYS INTERNATIONAL WHEAT AGREEMENT ONLY SOLUTION

WINNIPEG, Dec. 13.—Only by an international wheat agreement fixing world prices and quotas can the present wheat crisis be met effectively, J. H. Wesson, president of the Saskatchewan Wheat Pool and the Canadian Chamber of Agriculture, declared Monday before the Prairie Markets Conference. Reduction of

world wheat acreage was not practical even if agreements could be obtained for that solution failed to provide for crop hazards. Mr. Wesson was last speaker on the opening day of a conference arranged by the government of Manitoba to bring before the country the actual state of western agriculture and its lack of markets.

ATTENTION, MEN! HERE ARE YULE GIFT SUGGESTIONS

If you are a harassed male and have been wracking your brain about what to give your best girl for Christmas, perhaps these suggestions will help you. The postman's mail-bag is one of the newest inspirations. It can be swung over the shoulder with a dashing air. It is made of the finest alligator, classically tailored with a guarded envelope closing. The Christmas tree would be a present to dazzle you one and only. It can be used as a centerpiece with a falcon of perfume for each guest. The tree is softly lighted and loaded with falcons of the newest perfumes. In a season of glittering costume jewelry, Joan Bennett is wearing some of the loveliest. The plaque rhinestone and jewel bracelet, the adjustable jewel clip brooch, and the jewel ceinture would all make welcome accessories for the loveliest of evening gowns.

CHRISTMAS SEALS HELP

This is the time of the year when most likely you are included in the number of people who have received a letter containing a number of Christmas Seals and an appeal in the name of charity that has a very special claim on your sympathy. It is an appeal for the unceasing work done towards the prevention and treatment of tuberculosis with which the Edmonton Kinsmen Club has especially associated itself in northern Alberta for the past number of years.

The sponsors of this appeal can make truthful and still wonderful and inspiring claims for the beneficiaries accomplished by the sale (at your own price, for it is left to you) of these little illuminated stickers, which you can put on all your Christmas letters and parcels, to remind your friends as you remind yourself, that this also speaks the goodwill of Christmastide. Thousands of dollars have been collected in this manner across Canada, and have been devoted to this useful cause, by which the thing which was once the great white plague of our civilization has been increasingly brought under the subjection of a hopeful crusade.

Christmas Seal purchases last year provided services to 100,000 Canadians—one in every hundred of our population. And this is a little reminder to you that you should give what you can.

Headquarters of the Christmas Seal Sale are located at Heintzman Hall, 10139 Jasper Avenue, Edmonton.
